

Earth Day - April 22, 2024

Earth Day, celebrated annually on April 22nd, is a global initiative dedicated to environmental awareness and action. Originating in 1970, Earth Day has grown into a pivotal platform advocating for sustainable practices, environmental protection, and climate action. On this day, millions of people around the world participate in various activities, from tree planting and clean-up campaigns to educational events, emphasizing the need for collective efforts to preserve and safeguard our planet. Earth Day serves as a powerful reminder that everyone plays a role in addressing environmental challenges, fostering a sense of responsibility and encouraging sustainable choices for the well-being of our Earth and future generations.

HOW CAN WE CELEBRATE?
